

PHARMACEUTICAL COMPLAINT REPORT

Document ID: CMP-2024-0087 | Date Issued: 12 June 2024 | Classification: CONFIDENTIAL

1. Complaint Source & Customer Information

Complaint Source	Apollo Pharmacy Chain
Customer Name	Apollo Pharmacy — Koramangala Branch
Customer Address	No. 42, 80 Feet Road, Koramangala, Bengaluru – 560034
Contact Person	Mr. Rajiv Menon, Head Pharmacist
Contact Email	rmenon@apollopharmacy.in
Complaint Date	10 June 2024

2. Product & Batch Identification

Product Name	Amoxicillin Capsules
Product Strength	500 mg
Dosage Form	Hard Gelatin Capsules
Batch / Lot Number	AMX240602
Manufacturing Date	15 February 2024
Expiry Date	14 February 2026
Pack Size	10 Capsules per strip
Quantity Affected	48 capsules (4 strips × 12 capsules)

3. Complaint Description

The pharmacy received a complaint from a patient who observed that approximately 48 capsules from the above batch showed unusual **brown discoloration** on the capsule shell. The discoloration was noted both on the cap and the body of the capsule. Some capsules also appeared to have slight **moisture condensation** inside the blister strip. The patient was concerned about the product safety and refused to consume the medication.

The product was stored at room temperature (25°C) as per label instructions. No unusual storage conditions were reported by the patient. The product was purchased from the above pharmacy on 08 June 2024.

4. Initial Assessment

Complaint Type	Physical — Discoloration
Severity (Initial)	Major
Priority	High

Patient Impact	Patient refused consumption; no adverse event reported
Regulatory Flag	Yes — potential GMP deviation

5. Supporting Information

- Photographs of affected capsules shared via email.
- Returned product samples (2 strips) available at pharmacy for pickup.
