

PHARMACEUTICAL COMPLAINT REPORT

Document ID: CMP-2024-0112 | Date Issued: 22 July 2024 | Classification: CONFIDENTIAL

1. Complaint Source & Customer Information

Complaint Source	City Hospital Pharmacy
Customer Name	City Hospital — ICU Department
Customer Address	14, Hospital Road, Sector 5, Noida, UP – 201301
Contact Person	Dr. Priya Sharma, Pharmacy Director
Contact Email	pharmacy@cityhospitalnoida.org
Complaint Date	20 July 2024

2. Product & Batch Identification

Product Name	Ciprofloxacin IV Infusion
Product Strength	200 mg / 100 mL
Dosage Form	Intravenous Infusion — Ready to Use
Batch / Lot Number	CIP240601
Manufacturing Date	20 May 2024
Expiry Date	19 November 2025
Container Type	100 mL Flexible IV Bag
Quantity Affected	5 IV bags out of a box of 12

3. Complaint Description

CRITICAL — PATIENT SAFETY RISK

The ICU pharmacist observed **visible black particulate matter** suspended in 5 out of 12 Ciprofloxacin IV bags from the above batch. The particles were approximately 1–3 mm in size and appeared to be **non-dissolving foreign matter**.

The bags were immediately quarantined before administration. No patient was exposed. The bags were visually inspected by both the pharmacist and the attending ICU consultant. The infusion solution appeared slightly turbid in affected bags.

Storage conditions: 2°C–8°C refrigerator, within specified range. No damage to outer carton observed. Seal intact on all bags.

4. Initial Assessment

Complaint Type	Physical — Foreign Particulate Matter
----------------	---------------------------------------

Severity (Initial)	Critical
Priority	Urgent
Patient Impact	HIGH — IV particulates pose embolic and sepsis risk
Regulatory Flag	Yes — FDA 21 CFR 211.192 / Schedule M compliance
Suggested Action	Immediate batch quarantine + QA escalation

5. Immediate Actions Taken

- All 12 bags from the purchased batch quarantined immediately.
- Hospital procurement team contacted to check other wards for same batch.
- Samples retained (3 affected bags) for laboratory investigation.
- Regulatory reporting to CDSCO under Schedule M initiated by hospital QA.
- Escalation to manufacturer's Medical Safety Officer requested.
